Tutor : Lisa Fretwell

A recreational course, learning through a series of power point presentations, worksheets, video clips and great discussions!

This course is aimed at anyone who would like to know more about European painting between 1715–1886. I will introduce the main art movements during this period including the Romantics, the Pre-Raphaelites and Impressionism. Selected artists, including Monet, Millet, Turner and Fredrick, will be studied each week so that students can gain an insight into how the periods linked together, and why these particular artists and their works were so important during this era.
