

DIGITAL PHOTOGRAPHY FOR IMPROVERS

Cottenham Summer School

25—29 July 2022

1 DAY COURSE: Thursday 28th July 2022

10am – 4pm

FEE: £56

including lunch and refreshments

TUTOR: LAURA GALBRAITH

The course aims to:

Enable learners to build on the knowledge of the beginner's workshop covering the use of shutter priority and manual modes to expand their technical knowledge and confidence when using their cameras.

Help learners to explore their creativity through photography.

During the day you will:

- Learn when to use shutter priority and manual modes
Learn how to use aperture and shutter settings for movement
- Learn how to achieve correct exposures in difficult lighting conditions
- Discover how changing perspective can dramatically alter your images
- Practise some creative photography techniques

What you need to bring to the workshop:

Digital Camera and manual (Any camera that allows you to set Aperture, Shutter speed and ISO). If you have a tripod please bring this but there will be tripods available to borrow so please do not buy one for the session. If you are unsure if your camera is suitable, please email the tutor info@lauragalbraithphotography for advice.
