

## GUITAR ROOTS AND BEYOND

**5 DAY COURSE: Monday 24th —Friday 28th July 2017**

**10am – 4pm**

**FEE: £275**

**including lunch and refreshments**

**TUTOR: Brooks Williams**

*Guitar Roots And Beyond* looks at the guitar techniques shared by blues, classic rock, country and folk rock music. Country strumming, folky fingerpicking, walking bass lines, rocking chords, and blues-y riffs will be explored. All techniques will be taught through songs by the likes of The Rolling Stones, Johnny Cash, B. B. King, Loretta Lynn, and The Pretenders, to name but a few and supported by hand-outs (TAB and chord charts).

This is a fun, hands-on workshop with lots of playing, jamming, and singing. If you're looking for new ideas to spice up your guitar playing or original compositions, and if you want to learn some new songs, riffs and chords, then *Guitar Roots And Beyond* is for you!

### **Pre-requisites**

*Guitar Roots And Beyond* is ideally suited for guitarists who know how to play the basic first position chords (e.g. A, D, E, G, C, F, B7, Am, Em, Dm) who have the ability to read a chord chart and TAB (tablature), or the willingness to learn.

### **What you need to bring to the first session**

A guitar (acoustic or electric – please provide your own amp and guitar lead if playing electric), plectrums (if you use them), a spare sets of strings and a capo.
