

# LINO PRINTING

**3 DAY COURSE: Monday 25th—Wednesday 27th July 2022**

**10am – 4pm**

**FEE: £168**

**includes all materials, lunch and refreshments**

**TUTOR: Clive Riggs**

The course will be an introduction to basic skills (this may be a refresher for those learners who have some experience) and as the course progresses, more advanced skills and applications of various techniques will be explored. There will be access to a press although hand burnished prints will be encouraged.

Relief printmaking is an exciting way of producing high volumes of both experimental and finished work; repeatable prints suitable for a range of purposes (place settings, invitations, greetings cards or straightforward fine art printmaking) and is easily done at home with minimal equipment.

Completion of the course will ensure that you have all the skills you need to produce your own work independently.

The course will aim to:

- Introduce learners to both basic and more advanced skills involved in relief printing.
- Produce prints of one colour and multi-coloured prints using different methods.
- Learn and use safe studio practices at all times.
- Enable learners to produce work independently at home or in a studio

**Materials and equipment all included in the fee**
